A warm, dimly lit bar scene where a group of people are celebrating. In the foreground, a woman with curly hair is laughing joyfully while holding a small shot glass. To her right, a man is also smiling and holding a shot glass. They are clinking their glasses together in a toast. In the background, another man is visible, and the bar counter is cluttered with various bottles and glasses. The overall atmosphere is festive and social.

# Código 1530 Añejo Tequila

Agave Spirits

## Código 1530 Añejo Tequila

Código 1530 is a premium spirits brand, known for five generations as El Tequila Privado (the private Tequila) by only a select group of Mexico’s most respected families and finest jimadors. Now available to the world, Código 1530’s tequila offerings have been perfected using time-honored practices without ever veering from the centuries-old Tequila-making customs, or “Los Codigos,” the sacred craft rules that have become the brand’s namesake. Produced in a distillery in Amatitán, Jalisco, the rested tequilas are meticulously aged to taste in the finest French Oak Cabernet wine

barrels procured from the Napa Valley region. Código is made with three times the agave as the average Tequila, which provides it with a subtle sweetness without using any artificial additives or sweeteners. As opposed to commercial yeast, the brand sources its yeast from a small local Amatitán bakery that the original family had been going to for generations. Aged for 18 months in the finest Napa Valley Cabernet French White Oak wine barrels. Refined, elegant and expressive – hints of fruit, mingled with oak, touches of vanilla and a bit of spice.

Agave Spirits

## Casa Elemental Pulcata Artesanal Reposado

Casa Elemental creates and selects only the best artisanal recipes from different communities around the world and distills extraordinary and singular spirits. Each batch is unique and limited in production, made with deep respect for the environment and the community. The sustainably crafted Casa Elemental Pulcata or distilled Pulque is made according to a 1800-year-old pre-Hispanic recipe. This underrated spirit is made from an endemic Mexican agave, harvested by hand and naturally fermented. A truly unique experience – green agave notes, apple vinegar, olives, ripe pineapple, cit-

rus fruits and salt. The barrel gives spices, vanilla, tannins and structure. A memorable and unrepeatable distillate made with 100% Agave Salmiana.

# Ghost Tequila Blanco

## Ghost Tequila Blanco

Our love of tequila runs deep - not just the taste of tequila, but the culture, the process, the history, and the talented people who craft this incredible spirit. 100% blue agave tequila with a pinch of Ghost pepper which unlike other peppers, gives a quick hit of heat followed by a fruity, smooth finish. Never overpowering. Always delicious. Made by bartenders for the bartender in everyone, Ghost Tequila makes it easy to serve/make Perfectly Spicy™ sips and stories every time. We utilize a double-distillation process in traditional copper pot stills, to allow important characteristics such as taste, aroma,

and body to fully develop. The first distillation extracts impurities and concentrates flavors, while the second enriches the alcohol content to its final state. After distillation, we carefully blend a pinch of ghost pepper essence into the finished tequila before bottling.

# La Escondida Grand Mezcal Espadin

Agave Spirits

## La Escondida Grand Mezcal Espadin

The brand La Escondida, meaning “the hidden lady”, was inspired by a local legend and created in honor of the women who kept the Mezcal tradition alive during the 18th century, when the production of the spirit was banned by the Spanish crown for almost 100 years. Mezcal is one of the world’s most diverse and complex spirits, a notion that is reflected in everything from the type of agave plants used to make it to the different techniques employed in every step of its production. Grand Mezcal uses 100% agave espadin, one of the most prized agave varieties grown in the heartland of Oaxaca,

to make La Escondida. Traditional methods produce earthy, smoky notes on the nose, while its smooth and balanced flavor, robustly absorbed from cooked agave, provides a long finish which is both strong and pleasant.

## Mezcal Yuu Baal Joven Espadin

Yuu Baal is Zapotec meaning earth (yuu) and fire (baal), the two key elements for creating Mezcal. Mezcal Yuu Baal is a social enterprise that highlights the traditions of the native Oaxacan producers of Mezcal. They pay close attention to detail on the complete process of production to ensure the mystical, the exotic, and the absolutely delightful taste is in every majestic drink. The quality of the agave begins in the earth. This means that the complete cycle of production, including planting, cutting, and distillation are done manually, and all with absolute respect for the environment. Each Mezcal repre-

sents a remarkable expression of the terroir of the village in which it is produced. Different agaves are used to give unique characteristics to each bottle. Yuu Baal Espadin is made from wild agave Espadin, and it exhibits a nice, soft flavor followed by a refreshing but vigorous intensity, emerging balanced and aromatic.

# Catoctin Creek Watershed American Gin

Gin

## Catoctin Creek Watershed American Gin

Becky and Scott Harris founded Catoctin Creek Distillery in 2009 in the back-woods of Purcellville, Virginia. From their little distillery by the namesake creek they produce a range of ten spirits, including rye whiskies, brandy, gin, and a handful of other drams. Catoctin Creek Watershed Gin is named after the Chesapeake Bay watershed region where they are based. The gin itself is a pure rye grain spirit, but the botanicals are kept as a trade secret. The juniper is there as you expect, and so is the classic spice of anise and cinnamon. But the texture is rich and floral as well, with what hints at lavender or elderflow-

er. A focused and very well balanced gin, yet amazingly complex with a clean and smooth finish.

The Four Pillars Distillery, home of Four Pillars Gin, is located in Healesville, Yarra Valley, about an hour's drive from the Melbourne city centre. Olive Leaf Gin is the new savoury gin by Four Pillars, five delicious years in the making. It's textural, bright and perfect for a Martini or Gin & Tonic. Three types of coldpressed extra virgin olive oil and olive leaf tea from the world-class groves of Victoria's Cobram Estate have been used for this gin. Botan-

## Four Pillars Fresh Yuzu Gin

Established in 2013, Four Pillars Gin is now, without a doubt, the top local gin in Australia, and probably the world's most awarded gin distillery over the past two years. The Four Pillars Distillery, home of Four Pillars Gin, is located in Healesville, Yarra Valley, about an hour's drive from Melbourne city centre. Fresh Yuzu Gin, as the name suggests, is a bright, aromatic and (yes) fresh dry gin. The defining character is fresh yellow yuzu, grown in Victoria, Australia. The yuzu aromatics are an interesting mix of lemon, mandarin, cumquat and grapefruit – all bright, fresh citrus notes. Finger lime adds some deeper

citrus character. The palate has beautiful depth of flavour – ginger, turmeric and sencha genmaicha (a type of green tea with roasted brown rice) sit over a canvas of strong pine-needle juniper with lemon myrtle adding a touch of lemon curd. Brilliant in a gin Highball with almost any citrus garnish.

The Four Pillars Distillery, home of Four Pillars Gin, is located in Healesville, Yarra Valley, about an hour's drive from Melbourne city centre. The finger limes highlight the Asian spices like coriander and star anise, complemented by the addition of fresh ginger. Turmeric adds an earthy quality, not unlike dill, and weight to the palate. The resulting gin is intense, but still very clean. But beware, at 58.8% alcohol by volume it packs a serious Na-

The Four Pillars Distillery, home of Four Pillars Gin, is located in Healesville, Yarra Valley, about an hour's drive from Melbourne city centre. Rare Dry Gin is the original Four Pillars gin, crafted to deliver the best of all worlds: a classically smooth gin that combines Asian botanicals with aromatic Australian citrus. The use of whole oranges is unusual, but the native citrus fruits support spicier botanicals like coriander, cardamom and star anise.

## Four Pillars Spiced Negroni Gin

Established in 2013, Four Pillars Gin is now, without a doubt, the top local gin in Australia, and probably the world's most awarded gin distillery over the past two years. The Four Pillars Distillery, home of Four Pillars Gin, is located in Healesville, Yarra Valley, about an hour's drive from Melbourne city centre. Four Pillars Spiced Negroni Gin was the first ever gin created specifically to go in a Negroni cocktail. It is a highly aromatic, rich and (yes) spicy gin with great power and intensity. The Four Pillars team use botanicals like Tasmanian pepperberry leaf, cinnamon and the West African spice, Grains of Paradise

– a spicy pepper with clove and Sichuan characters. Plus there's some organic blood oranges and fresh ginger in the botanical basket to lift the spice to another level.

## Grey Whale Gin

### Grey Whale Gin

Here at Gray Whale Gin, we believe a lovingly handcrafted spirit brings people together for good times, and while we're together we can also do some good in the world. It's a simple notion that we cooked up on a camping trip to Big Sur. We were humbled by California's stunning beauty, feeling lucky to be on that rocky coast, surrounded by ancient trees, and the endless blue of the Pacific Ocean. Looking out past McWay Falls at the turquoise sea we saw a Gray Whale and its calf on their own road trip up North. A trip Gray Whales have been making for more than 30 million years, long before we

stood up on two legs. Now, we celebrate their 12,000 mile journey, with a beautiful gin made of botanicals foraged along the migratory path of that majestic creature, from Temecula limes to sea kelp in Mendocino; as well as a few stops in between. Every bottle of Gray Whale Gin supports Oceana, protecting and restoring the world's oceans, so that Gray Whales will continue to make that epic journey for another 30 million years.

## Kongsgaard Dark Gin Limited Edition

Kongsgaard Gin takes you on a journey from root to fruit through its wide range of complex plant products such as coriander, raw licorice, charred oak, resin, with a unique addition of Danish apples. In honor of this every bottle of gin is characterized by the variety of apple used and the year in which they were harvested. At the centerpiece of the layers of flavour in Kongsgaard Gin are Danish apples, blessed with rich aromas of sweet, mildly spiced & tangy sour notes. To preserve and enhance these crispy flavours, a bold blend of 11 bespoke botanicals is distilled. Kongsgaard balances the selected apple

sort with a seasonal cut, to reflect that first raw bite. The core method includes cold macerations to get as much of the raw taste and aromatics out, before distilling. Triple distillate runs, under open flames, insure a perfect balance with a soft winter wheat base spirit.

## Briottet Hot Piment Cactus Prickly Pear Liqueur

Maison Briottet is a family business, founded in 1836. Originally, the family were primarily negociants of Burgundy wine, involved with ageing, blending, bottling and selling the wines. Following the development of the blanc cassis aperitif (white wine with Creme de Cassis), the company progressively focused its activities on producing fruit cremes, liqueurs, brandies and marcs de Bourgogne. Briottet's liqueurs are acclaimed by the world's best bartenders to create unique cocktails. The cactus is a plant native to the New World. It is a fatty plant which stores in its tissue reserves of "sap"

in order to be able to survive during long periods of drought. As to the prickly pear plant which is a plant native to Mexico it is part of the cactus family. Moreover, it is sometimes known as Indian Fig Opuntia. The fig is a fleshy berry which contains a hundred or so seeds. This fruit is juicy and flavoursome. Taste is soft and delicately sweet. It is endowed with a subtle floral aroma. To conclude, the combination of cactus of hot pepper and of prickly pear results in a delicate and soft liqueur with a hot finish. Above all, you will certainly be surprised by this liqueur!

## Briottet Crème de Cassis de Dijon

Maison Briottet is a family business, founded in 1836. Originally, the family were primarily negociants of Burgundy wine, involved with ageing, blending, bottling and selling the wines. Following the development of the blanc cassis aperitif (white wine with Creme de Cassis), the company progressively focused its activities on producing fruit cremes, liqueurs, brandies and marcs de Bourgogne. Briottet’s liqueurs are acclaimed by the world’s best bartenders to create unique cocktails. Only the most prestigious blackcurrant variety, “Noir de Bourgogne” is used for this flagship product,

as it produces the finest aromas and depth of flavour. The berries are harvested exclusively in the Côte d’Or department in Burgundy and macerated in a water and alcohol solution for about 10 weeks. It’s finished off with the addition of a judicious amount of French white sugar. A beautifully balanced, rich and intensely flavoured crème de cassis. High berry tartness cuts through and balances the sugary richness. Silky, ripe, fruity, concentrated and jammy. Finishes long and satiny.

Briottet's liqueurs are acclaimed by the world's best bartenders to create unique cocktails. Discover Briottet banana liqueur, or the star of the United States! Indeed, our fruit cream is a real

success on the American market. Made from real banana juice, this alcohol will make the difference with other liqueurs on the market. No chemical taste here, but the maintenance of a strong fruit flavour, which is one of our priorities during the whole process of elaboration of the liqueur. In order to offer you an authentic product close to our artisanal values, we have not added any colouring agents to this product, which allows it to keep its natural light yellowish colour. As far as the composition is concerned, Maison Briottet has chosen to use a blend of different banana varieties to find a perfect

harmony between the sweet varieties and those that are a little sweeter. The only objective is to reveal all the aromatic power of this island fruit! In the kitchen, this liqueur will go perfectly with all your chocolate desserts and can perfectly replace rum in your recipes! Far from the candy taste that can be found in other spirits, this banana liqueur will add flavour to your gourmet pleasures. Personally, at Maison Briottet, we had a crush on the cake filled with banana cream and chocolate shavings. A must try!

Briottet's liqueurs are acclaimed by the world's best bartenders to create unique cocktails. A very delicate, and beautiful crème de peche. White "vine" peaches come from Burgundy from specific plan-

tations which are located beside vineyards. The maceration production process —the same as that used for grapes —takes the extreme fragility of the fruit into account. Said fragility explains why so little "vine" peaches are harvested each year, making it a rare and sought-after product. The high quality of Briottet's Special Peach Cream is down to us using a "vine" peach variety which is subtle yet powerful and which is only harvested in the beautiful Burgundy region.

Spanish used to cultivate Valencia oranges following their arrival from Europe. Briottet Curacao Triple Sec is colourless liqueur obtained from the double distillation of bitter orange zest, seville orange peel and other aromatics (some secret spices). Unlike the standard Orange Curacao, Curacao Triple Sec is a much drier style (sec means dry in French) of liqueur, so less sugar is added. It is also bottled at a higher abv of 40%. Rich and citrusy with a dominant scent of fresh orange peels, along with subtle hints of vanilla and spices. Sweet and smooth, with a rich and complex flavuor. The dominant flavor

Briottet's liqueurs are acclaimed by the world's best bartenders to create unique cocktails. Rose liqueur is part of the Flowers liqueurs. There is also the violet liquor, the poppy liquor or the liquor

trend to the elderflower. History says that rose liquor comes from China. Indeed, the rose fragrance is very popular there. Even today, the best known rose liqueur is undoubtedly Mei Kuei Lu. This liqueur is in great demand and consumption. The ingredients of Mei Kuei Lu are sorghum and rice alcohol, rose extract and sugar. In the end, the whole gives a strong result at more than 50 degrees of alcohol. So finally nothing to do with our liquor even if both have the same denomination. Our Rose liqueur is very aromatic. To obtain it, the rose petals are macerated in neutral alcohol and then distilled. We then add

French white sugar to finalize the liquor. The alcohol content is 18 degrees. Thus this liqueur is perfect in association with a Crémant or Champagne for example. In addition, it also has many uses in pastry: rose muffins, rose ice cream, rose loukoums.

## Vecchio Magazzino Doganale Jefferson Amaro Importante

Vecchio Magazzino Doganale (old customs warehouse) is a liqueur factory and a rural farm located in Montalto Uffago, Calabria. Founded by creative entrepreneur Ivano Trombino, the company specialises in cultivating and selecting botanicals and citrus fruits around Calabria and produces unique and authentic liqueurs. Ivano found his inspiration in the ancient recipes, letters and diaries of his grandfather Egidio. The story goes that in 1871 Egidio and three American sailors, one of them Captain Jefferson, survived a shipwreck in the Calabrian waters and sought refuge at the Vecchio Magazzino

Doganale. With support of the owner of the farm, Giocondo, the castaway's new lives soon centred around the production of a special liqueur, today known as Jefferson Amaro Importante, against a backdrop of wonderful flavours, citrus fruits, spices and herbs. Jefferson Amaro offers notes of gentian, rosemary, oregano and citrus nuances that give way to sensations of sweet spices in the background. It is soft and smooth on the palate, well balanced, with an herbal finish. The ingredients are processed separately in a water-alcohol infusion, preserving the raw materials and seasonality. This is why the

assemblage of Jefferson takes more than 11 months, never resorting to artificial aromas or coloring agents – a linen cloth is the only means used for filtering. Awarded the world's best liqueur at the 2018 World Liqueur Awards.

Giocondo, the castaway's new lives soon centred around the production of special liqueurs, against a backdrop of wonderful flavours, citrus fruits, spices and herbs. Abracadbra is an ode to the world-renowned Calabrian liquorice, packed full of distinctive flavour. Where other liquorice growers around the world need to supplement the root with additives and sugar, Calabrian liquorice is pure and natural. This gloriously seductive liqueur is based on liquorice that is hand cut and dried in a traditional way. The production process involves an ancestral method of boiling that helps to defibrate the roots in order

to weaken them before being squeezed. The roots are then cut into chunks and placed in an alcoholic infusion for 20 days, followed by 50 days of rest in the bottle. Abracadabra's natural color, scent and density make it a unique licorice liqueur.

Madame Milù, a Moulin Rouge dancer, was the great love of Captain Jefferson. The Da Bere al Bisogno, or "to drink when needed" is Ivano's ode to Madame Milù – highly digestive, innovative and unique, retracing and encompassing the alchemy of the Italian style of production of liqueurs from the 1800s to today. Its authentic recipe contains chamomile, mint and marjoram hand picked and pro-

## Mr.Three & Bros Falernum

Falernum was invented in Barbados in the nineteenth century, from a mixture of rum, fruit and local spices, to drink as a tonic, simply diluted on ice or to soften rums of the past. After years of experimentation Edoardo Nono and the team of Rita & Cocktails in Milan, together with Memfi Baracco from Compagnia dei Caraibi have created a Falernum able to reach a wide market without losing its primary handmade qualities. In addition to Edoardo's expertise and passion, Caribbean white rum, demerara full proof, ginger, spices, bitter almonds, limes, lemons, and sugar contribute to its production.

The Mr. Three & Bros Falernum is deep cloudy yellow in color. On the nose citrus fruit and the fragrant notes of bitter almonds are predominant. Versatile and chameleon-like in mixology – irreplaceable in Tikis, surprising with bitters and in combination with citrus distillations.

# Carlo Alberto Liquore Salvia & Limone

Liqueur

## Carlo Alberto Liquore Salvia & Limone

Salvia & Limone is an artisanal liqueur, made according to an old, secret recipe dating back to 1837. Commonly used in the Piedmont countryside to aid digestion, the infused drink used to be set in well water to cool on hot summer afternoons, or heated in a water bath during harsher winter months. Pale yellow in colour, it is aromatic on the nose with citrus and sage notes characteristic of the ingredients used in the preparation. It is pleasant, refreshing, sweet and fragrant. Ideal as an after-meal drink, it also offers interesting ideas for blending due to its intense aromaticity. Also to be used in

place of regular limoncello in a variety of delicious serves.

# Xila Agave & Chili Liqueur

Liqueur

## Xila Agave & Chili Liqueur

XILA is made with roasted pineapple, ancho chile, cinnamon, pepper, clove, hibiscus and lavender. We hand pick our botanicals because we only work with small quantities that are counted by hand.

We tried to replicate that in bigger batches, but all the ingredients are exclusively available in small amounts and they come in different forms and sizes.

There's one person for each tasting note and ingredient. It is important to keep the quality control because otherwise, it may get too spicy or too floral.

We then macerate the botanicals in the mezcal for seven days. Subsequently, we create a homemade simple syrup and add it to the blending vat.

Finally, we let it rest for another seven days. Then we filter it through a very fine cheese cloth seven times.

# Campo de Encanto Pisco Grand Noble Acholado

Other

## Campo de Encanto Pisco Grand Noble Acholado

Translated as “Field of Enchantment,” Campo de Encanto Grand and Noble is a pisco from Peru. It is an acholado style pisco, meaning it is made of a blend of eau de vies from different grapes; five different grapes, in this case. Campo de Encanto is distilled only one time, with no water or sugar added. Campo de Encanto is an elegant and fragrant Peruvian pisco. The aroma brings to mind flowers, stone fruit, and apricots. Delightfully soft on the palate, it is floral, fruity, and multi-layered, and a ready complement to citrus and spice in cocktails. It’s rare to find an unaged spirit that is this complex yet this

smooth and approachable.

### Casa Magdalena Ron Blanco de Guatemala

Casa Magdalena Rum is a truly unique collaboration between Portland Oregon's House Spirits Distillery and Ingenio Magdalena. Every sip of Casa Magdalena is made from sugar cane that is seeded, planted, harvested, and distilled by the Leal family in Guatemala. It is then shipped to the US in tankers and matured in American whiskey barrels at House Spirits warehouse for about six months. Its golden hue hints at time in barrel. Gentle wafts of coconut and marshmallow on nose and a plush palate that finishes with the faintest hint of lime. Unlike any other rum in the world, Casa

Magdalena brings a subtle earthiness and light grassy aromas born from the rich ashes of Agua, Fuego, and Acatenango, the beautiful volcanos that tower above the cane fields.

## La Hechicera Extra Añejo Rum

In the historic port of Barranquilla (Colombia), situated between the Magdalena River and the Caribbean Sea, three generations of the Riascos Family have been producing rums for over two decades. It is Colombia's only family-run and privately-owned rum company. La Hechicera, Spanish for "enchantress", is a celebration of Colombia's natural landscape, the vibrant biodiversity of the Caribbean and the irreverent allure of nature. With no additives or sugar, the smoothness of La Hechicera comes purely from the noble wood of the barrels it has been aged and finished in. La Hechicera is a fine blend of

rums matured in former bourbon barrels with the Solera method for 12 to 21 years. A sweet and inviting nose of ripe pineapple and ripe red apples is prevalent in this aged rum. The palate shows its true elegance with balanced flavors of ripe tropical fruit, subtle spice and oak barrel notes that warm the mouth. The ending is crisp and smooth.

Rum

Ron Cristóbal Niña 8-12 year old

## Ron Cristóbal Niña 8-12 year old

The Ron Cristóbal series presents a range of premium rums for the adventurers of the world! Named after the famous world explorer Christopher Colombus and bearing his portrait, this rum is produced, distilled and fermented in the Dominican Republic and showcases the unique rum flavours the region has to offer. Niña is a smooth rum distilled from fresh sugar cane juice. The distillery Alcoholes Finos Dominicanos is responsible for the sugar cane cultivation up to the maturation. This ensures the best possible quality. The premium rum is distilled in column still, which ensures its mild character. For

8 to 12 years, the fine rum is stored in ex-bourbon barrels made of American white oak. Incidentally, the rum is named after one of Christopher Colombus’ ships, with which he set out for East Asia around 1491. The amber-coloured Ron Cristóbal Niña smells wonderfully of caramelised sugar and fine vanilla. Spicy notes of oak provide a harmonious interplay of flavours. The light and sweet taste is accompanied by aromas reminiscent of dark chocolate, peppermint and spicy toasted nuts. An almost creamy mouthfeel leads to a long and fruity finish with a hint of vanilla.

# Worthy Park Rum-Bar Overproof

Rum

## Worthy Park Rum-Bar Overproof

The Rum-Bar brand pays tribute to the traditional rum bars that are spread across the communities on the island of Jamaica. These tiny watering holes dotting the roadsides provide relief from the sun and a community gathering place. Most rum bars keep it simple, serving up white overproof rum with simple mixers, like fresh juice or soda. From cane field to bottle, Rum-Bar rums are made at the historic Worthy Park Estate, located in St. Catherine Parish, Jamaica. Sitting 1,200 feet above sea level, the estate encompasses more than 9,000 acres of land. The Worthy Park Estate was patented in 1670

by English Lieutenant Francis Price, who served in Cromwell's army in its defeat of Spain to capture Jamaica for the British. Since that time, only four families have owned the historic Estate. Rum-Bar Rum is Jamaica's premium White Overproof Rum. Sticking to tradition this is a blend of three un-aged rums, all distilled on 100% copper Pot-Still; giving a high level of quality and flavor, presented at 63% ABV. On the nose the banana notes dominate with a beautiful balance of other exotic fruit continuing through to the pallet supported with that classic grassy vegetal Jamaican funk.

Spirited Union works closely with some of the finest distilleries around the

world that have been in production for hundreds of years, to source single-origin rums. Spirited Union Organic Coconut Rum unites tropical Belizean rum with sundried organic coconut flakes. The natural sweetness of toasted coconut is balanced by infusing Madagascan vanilla and Peruvian cacao for a sweet, nutty and creamy flavour. For a rich texture and well-rounded mouthfeel, the rum is brought down to mixing strength with organic coconut water.

## Spirited Union Pink Grapefruit & Rose Rum

Spirited Union, a private distillery in Amsterdam, only works with the freshest botanicals to ensure a range of rums that will always have a great, natural taste. Fruits are delivered to the distillery whole and newly picked. They cut, peel and juice everything in house right before the re-distillation and maceration process in order not to lose crucial flavours or aromas along the way. The organically-certified distillery uses ways in which top chefs, chocolatiers and mixologists combine flavours as source for inspiration. Spirited Union works closely with some of the finest distilleries around the

world that have been in production for hundreds of years, to source single-origin rums. Spirited Union Pink Grapefruit & Rose is made using Swazi rum, a rum that has a refreshing, floral taste. The skins of blush-pink grapefruits are distilled with the rum, giving a slightly sweet taste, which is balanced with blood orange, known for it's bitter, sweet but sour flavour. This delicious botanical rum has an intense floral aroma from vapour infusing fragrant garden rose petals. The combination of the rose with honey scented elderflower blossom makes for a perfect union of citrus and blossom with their

sweet and tangy aromas.

To create the perfect union between pineapple and spice, Spirited Union selected a delicious fruity queen pineapple. Its complex fruity notes combined with tropical freshness unite perfectly with their Panamanian Rum. To create a well-rounded taste they've balanced the natural sweetness of pineapple by infusing their rum with cassia wood and sweet spice. To celebrate the sweet taste of queen Victoria pineapple, they've distilled "the queen of spices" cinnamon to add a bit of heat to the sweet-tasting

tropics.

## Worthy Park Oloroso Cask 2013 Vintage Rum

You'll find the family-run Worthy Park Estate deep in the heart of Lluidas Vale, surrounded by mountain ranges and lush and fertile terrain. It is located in the central parish of St. Catherine and is known for its traditional, authentic Jamaican rum. The rums are distilled in a traditional 100% copper Jamaican pot still, producing heavy bodied rums, and even use native yeast cultivated from the estate's own sugar cane crop. This 2013 vintage Worthy Park was first aged in first-fill American white oak exbourbon barrels for four years in Jamaica and then underwent an extra maturation for a further

two years in Denmark in ex-Oloroso casks. This is a big, bold example of the greatness of Jamaican liquid being aged differently to create a complex spirit. Plenty of spice and winter fruits, think peppered Christmas pudding, raisins and glace cherries. Warming and lingering. The finish is dry with more spices tingling the senses. Limited to just 1612 bottles.

# Capucana Cachaça

Rum

## Capucana Cachaça

Cachaça is a distilled spirit made from fermented sugarcane juice. It is the most popular spirit among distilled alcoholic beverages in Brazil. Capucana begins with the harvesting of the best sugar canes from three family owned estates in Capuava, St. Lydia & Bertioiga situated in Piracicaba, near Sao Paolo, selected to achieve a unique bouquet representing the floral, sweet and mineral properties of the terroir of each estate. After distillation the final blend is a union of non-aged cane distillate and barrel aged cane distillate, from ex bourbon and Islay oak barrels and aged for up to 3 years. Capu Cana

was the name the local workers gave the distillery when it was built in the 19th century and translates as “House of the Canes”. The name is still used within the local community. Capucana is a citrusy style of cachaça that is excellent as a base for cocktails. It has a fresh nose of aloe vera, orange and biscuits. On the palate it has similarities to rum alongside notes of honey blossom and stewed fruit.

Cucielo Vermouth di Torino Bianco

### Cucielo Vermouth di Torino Bianco

Born in the small town of Moncalieri in Italy’s Piedmont region, Cucielo Vermouth di Torino uses a combination of fine Italian wines along with a perfect blend of naturally and, for the most part, locally sourced botanicals and aromas. With Vermouth di Torino, the brand takes inspiration from the migrating cuckoo, which journeys from west Africa to Scotland each year, travelling the length of Italy. The name Cucielo derives from Cu (as in Cuckoo) and Cielo (meaning sky in Italian). Each bottle of Cucielo Bianco captures the wonderful aromas of Italy and the Mediterranean. It’s fruity and ar-

omatic – a fusion of crisp green apple, elderflower and vanilla with light floral and herbaceous aromas, rounded with subtle notes of maraschino cherries, bitter orange and raisins. Warm and soft, with sweet vanilla and ripe summer fruit, balanced by a pleasant bitter note. A complex and classic Vermouth di Torino with an exceptionally long, sweet and bitter finish.

## Tito's Handmade Vodka

Tito's Handmade Vodka is a vodka brand distilled and bottled by Fifth Generation Inc. in Austin, Texas on the very same land where the whole venture started. In 1995, Bert "Tito" Beveridge obtained the first legal permit to distill in Texas and created Tito's Handmade Vodka. The brand specialises in vodka made from yellow corn, rather than potatoes or wheat. The naturally gluten-free vodka is unaged and unflavored, and distilled using old-fashioned copper pot stills, inspired by the distillation methods of fine single malt scotches and high-end French cognacs. Tito's is made in batches, each batch taste-tested,

and goes down smooth with an impeccably clean finish.

## Balcones Baby Blue Whisky

Down in Waco, Texas, Balcones is known for making spirits with big, bold and powerful flavour profiles since 2008. Notably, Balcones uses the “whisky” spelling versus the typical American spelling of “whiskey.” The first Texas whisky on the market since Prohibition, Baby Blue is crafted from roasted blue corn. This rich and oily maize adds new sophistication to the corn whisky tradition while keeping the freshness and verve of classic American distilling. Intentionally youthful, Baby Blue captures the essence of this prized corn with a round nuttiness, roasted overtones and refined complexity. The

mouthfeel is viscous with a soft finish. Melted butter, kettle corn, vanilla, toffee, cinnamon and nutmeg, fresh bread, honey, ground coffee on the nose. The taste offers tropical fruit, slight apricot, brown sugar, cotton candy, sweet tea with lemon, smoked chilis. A medium long warming finish with cinnamon, leather spice, mint and green peppercorns.

Each dram is full of character and body, with an aromatic entry and soft finish, for an approachable yet memorable experience. Built upon a mash bill of blue corn, wheat, rye, and malted barley. The nose is all about honeycrisp

apples, toasted oak, kettle corn and oiled glove on the nose. The palate offers honey, sweet cream, candied pecans, sandalwood and leather. The finish is soft and sweet, with a drying and tannic fade and lingering spice.

Balcones Rye 100

Balcones Rye 100

Down in Waco, Texas, Balcones is known for making spirits with big, bold, powerful flavour profiles since 2008. Notably, Balcones uses the “whisky” spelling versus the typical American spelling of “whiskey.” One thing that helps them stand out from other distilleries is they use unusual grains. For their Texas Rye, multiple types of rye grains are used in the mashbill, including elbon rye from northwest Texas, along with crystal, chocolate, and roasted rye. The Rye is distilled copper pot stills. The flavors are strong but do not overwhelm: charred oak approaches unobtrusively, while black tea and pepper tran-

sition to fruit, some chocolate and hints of cherry. Notes of butterscotch, spice, coffee and nuts harmonize on the palate. Peanut butter and dark chocolate make themselves known on the sweet finish.

## Balcones Texas Single Malt

Down in Waco, Texas, Balcones is known for making spirits with big, bold, powerful flavour profiles since 2008. Notably, Balcones uses the “whisky” spelling versus the typical American spelling of “whiskey.” A timeless style of malt whisky, Balcones “1” Texas Single Malt breathes new life into centuries of distilling tradition with classic techniques and ingredients adapted for New World tastes. Named “best whisky” many times over, Balcones Texas Single Malt is made from 100% Golden Promise barley and “yard-aged” in ex-bourbon American oak before bottling. Nose of dried figs, caramelized sug-

ar, nutmeg and cinnamon. Initial palette of cinnamon and sauteed pears. Slightly mellow mid-palate with notes of toasty malt and some nuttiness. Warm, drying finish with a subtle, roasted hazelnut flavor.

Catoctin Creek Roundstone Rye

80 Proof

### Catoctin Creek Roundstone Rye 80 Proof

Roundstone Rye is an incredibly unique rye whisky, made completely from scratch at the Catoctin Creek distillery in Purcellville, Virginia. This pre-Prohibition style rye whisky is made from 100% organic rye grain, sourced locally. It is mashed, fermented, distilled, and aged completely in Catoctin’s distillery, before bottling it at a very sippable 80 proof. The word Catoctin is derived from the Native American tribal name Kittocton, which translates roughly to mean “place of many deer.” Aged in new charred white oak casks for a period of around two years, the whisky is smooth, woody, with

that full-bodied fruity-nutty grain flavor typical of a Virginia rye whisky.

# Kingsbarns Dream to Dram

Whisky

## Kingsbarns Dream to Dram

Dream to Dram is a perfect example of a whisky to use in highballs. This is a youthful, primarily bourbon cask Single Malt, the kind of dram perfectly suited to being served with Soda. It's clean, refreshing and citrusy neat, so adding soda and fresh ice really opens up and enhances these attributes. The flavour that literally jumps out of the glass and clings to the bubbles bursting above the surface of the drink is Green Apple: fresh, citrusy, dry Granny Smith Apple. Any other flavours are to your palate, however the drink itself is dry and citrusy, with any sweetness coming directly from the Dream to Dram

itself. We suggest garnish of a couple of thin slices of a Granny Smith to support the flavour and to introduce some sweetness.

Redemption Bourbon

Redemption Bourbon

Redemption Whiskey is carefully hand-crafted in the river town of Lawrenceburg, Indiana at the 172-year-old MGP Distillery – Whisky Advocate’s 2015 Distillery of the Year. The distinctiveness of Redemption comes from the attention to detail during the aging and batching process which is all done to taste, insuring consistency bottle to bottle. Each bottle of Redemption Whiskey is hand numbered to reflect the batch and bottle, a sign of the attention to detail put into making the final product. While Redemption is perfect to enjoy neat or on the rocks, it also serves as an excellent

base when used in both classic and modern cocktails. Its bold, spicy notes shine through any cocktail without overpowering the drink. Aged in new charred American oak barrels for an average of 3 years and bottled at 84 proof for a lighter experience, great on the rocks or in mixed drinks. The high amount of corn (75% corn, 21% rye and 4% barley) gives this bourbon a classic sweet taste with notes of vanilla and caramel from the wood, and the rye adds some light spice flavor.

## Stork Straight Rye Whiskey

60 kilometers from Berlin, right in the middle of Germany’s granary, Brandenburg, lies the SpreeWood Distillery. The fields around the distillery supply the rye for the distillery – in fact, Brandenburg is Europe’s largest rye-producing area and even American distillers buy grain from here for their rye whiskeys! Stork Club Straight Rye Whiskey is the first rye whiskey to be made in the country. This Straight Rye Whiskey is produced using 100% rye, slowly distilled in a small 100-litre “hybrid still” and matured in a combination of first-fill American oak and German Napoleon oak. A full-bodied, spiced

rye whiskey with chocolate spread and peppery oak, a touch of berry fruit and rye bread on the nose. The palate offers butterscotch and ginger spice, with rich mocha bringing toasty warmth. Fantastically warming and flavourful but not overpowering. Spice as flavour, rather than heat.

# Baglietti No10 Prosecco Magnum

Wine

## Baglietti No10 Prosecco Magnum

Baglietti Prosecco No.10 has a large scent and an elegant dry taste of pears, citrus and almonds. By allowing the wine to rest on yeast over time, a particularly dry and full flavor is able to evolve. In No.10 we only use grapes from the Piave area, which is Baglietti's most qualitative area in Prosecco. The perfect serving temperature is 6-8°C.
